

# CommunityConnex Training

A division of World Changers USA

**Changing Lives,  
Transforming  
Communities**

## It is estimated that in America...

- Over a 6-month time period, only 3% of Christians were consistent in sharing with someone how to become a Christian. (Source: Lifeway Research)
- Every 10 seconds, 1 person dies. (Source: [www.census.gov/popclock](http://www.census.gov/popclock)) That means over 8,000 people die every day in our nation.

## With statistics like these, I wonder how many died today without Jesus?

CommunityConnex trainings are about evangelism and compassion ministry. We inspire and equip congregations to bring hope to the lost and hurting people in their communities

Our trainings are a one-day event, power packed with essential tools, designed to help anyone win the lost for Jesus. Become equipped:

- Evangelism Techniques
- Share your story and listen to unlock theirs
- Role playing and real life practices
- Community ideas, ministry tools
- ... and so much more

Change the world starting with your community
